

D-SINE Africa

Data Science Center for Surgery, Injury, and Equity in Africa

Website: www.dsineafrika.org

Call for Applications for a Job Position

- **Position Title: m-Health Research Assistant.**
- **About Us:** The *Data Science Centre for the Study of Surgery, Injury and Equity in Africa (D-SINE Africa)* is an organization located at **University of Buea** responsible for the systematic collection of data on injuries through Trauma Registries in various hospitals across the country in collaboration with the Ministry of Public Health of Cameroon. D-SINE Africa is a multi-institutional organization involving multiple countries (Cameroon, USA, South Africa, and Uganda) and is funded by the *National Institutes of Health (NIH)* and the *Fogarty International Center (FIC)*. The ultimate mission of D-SINE Africa is to reduce the burden of injuries and bridge the gap of inequities to access to surgical services in African countries. Hiring of collaborators in our organization is guided by the principles of merit, equity, gender equality and protection of minorities.
- **Job Description:** This is a full-time position for a 1-year contract which is renewable annually during the 4-years period of the project. Contract renewal is dependent on individual performance and availability of funds. The Research Assistant will be charged with the implementation of m-Health data collection in **Limbe**, which is one of the project sites. The Research Assistant will be placed under the supervision of a Field Supervisor and he/she will be responsible for collecting health-related data from eligible patients in collaboration with other hospital workers and keying the data in an electronic data platform. Working hours will be 08:00am-04:00pm, Monday to Friday, and he/she will be given a 1-hour lunch break every working day.
- **Applicant Requirements:** All applicants **MUST** fulfil the following conditions:
 - Be a holder of at least a bachelor degree or any equivalent in the following health-related disciplines: Nursing, Midwifery, Medical Laboratory Sciences, Biomedical Sciences, Public Health and Hygiene.
 - A working experience in a hospital, especially in the emergency department or surgical ward would be an advantage.
 - Be computer literate and proficient in using basic data entry software.
 - Speaking both English and French fluently would be an advantage.
 - Be highly motivated.
 - Be available to start work immediately.

➤ **How to Apply:** The application package should include the following documents:

- A cover letter.
- A photocopy of the highest university degree.
- A CV.

Interested candidates should submit these documents as a single pdf file by email ONLY at the following address: contact@dsineafrika.org on or before **February 9th, 2023 at 02:00 pm**. Any email application received after this deadline will not be considered. Only candidates shortlisted will be contacted and invited for an interview.

Professor Chichom Mefire
